

# Golden Ticket Promotional

Official Rules.

Gameplay starts July 5th and ends August 30th. We will randomly hide golden tickets under our rail paper/burger boxes on the following items: Burgers and Wings. Once you find a golden ticket present it to your server who will then give you a punch card. Every ticket found will earn you a punch. Once you receive the correct number of punches you will get that menu item for free. Collect 5 tickets for a free burger of your choice and/or collect 10 tickets for a free order of wings (your choice!) Be sure to look at the back of your ticket, it may contain a prize to use during that visit! Purchase is required.

You must present the ticket to your server to receive the item on back of ticket and to receive a punch on your card.

There are a total of 100 tickets available.
